Introduction

Welcome to the Kingscliff Swimming Club 2024-2025 Season.

Established in 1973, the Kingscliff Swimming Club aims to provide young and old swimmers with a friendly atmosphere in which they can participate, have fun, and achieve at their own pace.

One of the benefits of being a member of the Kingscliff Swimming Club is that swimmers can compete in events on club nights, which can improve their swimming ability. Swimmers do not have to be fast to join the club; they will improve their race times by competing through the season.

Location of Kingscliff Aquatic Centre

The Kingscliff Aquatic Centre is located on the corner of Cudgen Road and Turnock Street in Kingscliff. Public transport, including school bus services, has a location adjacent to the aquatic centre. There is a drop-off point for disabled persons on Cudgen Road near the aquatic centre entrance.

10. Policies and procedures document how the organisation is child-safe.

Kingscliff Swimming Club is committed to implementing the 10 Child Safe Standards.

Dates to Remember

Key club dates for swimming events can be found [here](#). This list is subject to change as carnivals are announced. Some events may be rescheduled.

Registration Fees

Membership fee information can be found [here](#).

The club uses the Kingscliff Swimming Club portion of the registration fee for general club activities, relay entries at carnivals and club equipment.

Membership covers 12 months from 1st October to 30th September the following year, although swimmers can join any time during the year. To join Kingscliff Swimming Club, Register and pay through [Swim Central](#). The club accepts active kids vouchers as a means of payment.

Our club policy enables **new swimmers to try TWO Tuesday club nights before paying** the registration fee.

Club Night Swimming

Club Nights are held each Tuesday evening at Kingscliff Swimming Pool during summer. A club night calendar covering a variety of strokes and events will be emailed to members at the start of the season.

Club nights are designed for swimmers to have fun with their friends and team and to provide race practice in a friendly environment. Times are recorded so that swimmers can track their progress against their personal best.

Club nights start at **6pm SHARP**. At the start of the season, the club will advise all members on the method for entering club nights.

Swimmers are encouraged to swim for a minimum of two events.

The minimum age shall be five, and swimmers must be able to swim 12.5 metres of freestyle.

Although the Club does manage its nightly events, everyone should comply with the TRAC rules and responsibilities, specifically about active supervision of your children in and outside the water and Safety and Emergency Evacuation. This information is available from the Club Noticeboard and TRAC website.

If your child has trouble swimming, please remain close to them while in the water. You may even wish to be in the water with them, particularly if they need to build confidence in the water before completing the race themselves.

Club Night Divisions and Points Score are on the club's website.

Stormy/Wet Weather

Club nights may be run in wet weather but not in stormy weather. A decision will be made by 4 pm. The club will advise Kingscliff Pool and post a message on the club's Facebook page if club night is to be cancelled due to wet weather.

Club Championships

The eligibility criteria to compete at the Club Championships for the 2023-2024 season are:

Members wishing to participate at Club Championships must have competed at 50% of available club nights FROM THE DATE OF REGISTRATION.

The club board will consider the inability to meet said requirements due to illness or injury. We ask that these absences be communicated reasonably.

THE RACE SECRETARY WILL ADVISE MEMBERS DURING THE SEASON OF THE REQUIREMENT TO MEET CLUB CHAMPIONSHIP ELIGIBILITY.

The Championships are conducted on the same basis as a Swimming Carnival; members will be reminded that they will be required to nominate for events by a specific date and must compete in the 4 form strokes. NO LATE ENTRIES WILL BE ACCEPTED.

Volunteering/Technical Officials

Technical Officials are ordinary people who support the development of our swimmers by helping to run meets and club nights. Being an official is a great way to support your children through their swimming journey and make new friends.

There are many different roles, and no experience is necessary. Your friendly board members can provide more information and guidance.

Swimming NSW has created a series of online courses for technical officials. For more information, visit:

<https://nswtraining.swimming.org.au/>

For Club nights to run smoothly, parents are asked to volunteer their services to assist with timekeeping at club nights and competitive carnivals.

Competitive Swimming

Swimming North Coast coordinates a summer and winter competition calendar, providing opportunities for swimmers of all levels to compete and achieve their personal best.

Development and Qualifying meets are opportunities to practice racing in a friendly environment. Times are recorded in the Swim Central database to enable swimmers to achieve qualifying times for higher-level meets. There are no qualifying times for development and qualifying meets.

Swimmers who have achieved qualifying times at qualifying meets have the opportunity to compete against other swimmers in the area at the Division 1 or Division 2 Championships and at State/National level meets.

Program information for swimming carnivals held in the North Coast area can be found on the [Swimming North Coast](#) website.

Information on NSW state meets can be found on the [Swimming NSW](#) website.

Information on QLD swimming meets can be found on the [Swimming QLD](#) and [Swimming Gold Coast](#) websites.

All entries are online through [Swim Central](#).

Representative Swimming

Should any member attend a National, NSW State or QLD State competition, they can apply to Local Sporting Champions for a grant at www.sportaus.gov.au.

Club Apparel

It is preferred that members wear club cap when competing at all carnivals.

Sponsorship

Information for prospective sponsors can be found [here](#).

The club is keen to develop our relationship with Sponsors. Current Sponsors can be actively promoted on the club website, handbook, and newsletters and at club nights.
